Notes:

PRIZE ALLOCATION

There were a total of 10 prizes presented (8 Best NET + 2 Best GROSS)

The best NET score won the Coronation Trophy/First Prize.

No competitor could win more than one prize.

The value of each of the two GROSS prizes equated to the value of each of the first two NET prizes.

In the event of a pair being in the running for both a GROSS and a NET prize, with the exception of the Trophy/First prize, the award of a GROSS prize took priority over the award of a NET prize.

If a pair had returned both the best GROSS AND NET scores, the award of the Trophy/First Prize would have taken precedence over that of the GROSS prize.

For the avoidance of doubt:-

The 2 best GROSS and 8 best NET scores all won a prize.

As one of the best GROSS scores was in the running for a NET prize, the pair in position 9 overall won the 8th NET prize.

(If both best GROSS scores had been in the running for a NET prize, the pairs in positions 9 and 10 overall would have won the last two NET prizes)
